

I SURVIVED VIDEO DISCUSSION QUESTIONS

After Hurricanes Katrina and Rita

1. Hurricanes tend to strike on coastlines, but people can come together due to disaster in any geographic location. What are some disasters besides Hurricanes? How have people come together to help after these disasters?
2. What is something you can do today to help disaster relief causes?
3. Why is it important to keep businesses, schools, and other public places open even after serious disasters?
4. What does resilience mean to you? Why?

Surviving Hurricane Katrina

1. What are some of the possible problems evacuees face when attempting to leave their cities? Why can some people not evacuate at all?
2. What are some ways that animals are effected by hurricanes and other natural disasters?
3. What are ways we can rebuild after facing serious disaster?
4. In the event that you encounter a hurricane warning, what is the number one thing you should do?
5. If you are trapped in a hurricane zone, what supplies and resource should you search for?
